## BONUS FEATURE

The feature is triggered with 3, 4 or 5 Scatters awarding 8, 15 or 20 free spins respectively. During the free spins, any Wild will animate and reveal a multiplier of 2 or 3. Multiple multipliers will be multiplied together, so two x2 Wilds in the reel window will multiply all wins by 4. This will allow for a potential multiplier of 27 (3\*3\*3). Wilds only appear on reels 2, 3 and 4. Wilds will substitute for all symbols except Scatters. Wild multipliers will multiply all wins, not just wins where Wilds ate substituting. During the free spins, 2, 3, 4 or 5 Scatters will re-trigger 5, 8, 15 or 20 free spins respectively.
